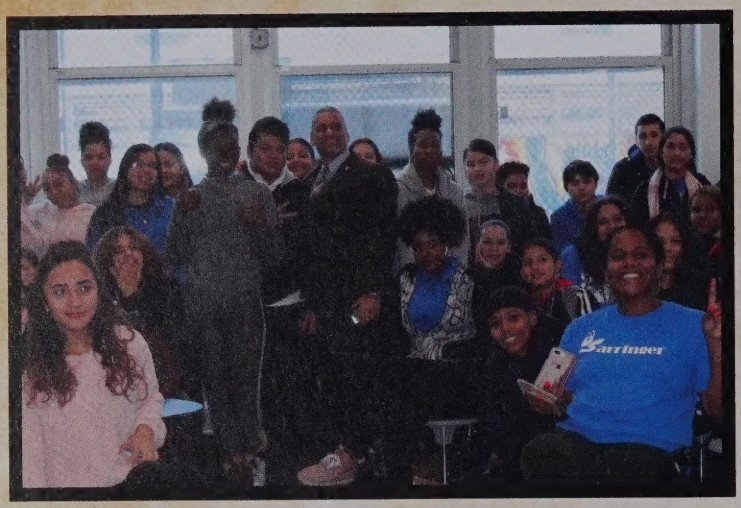
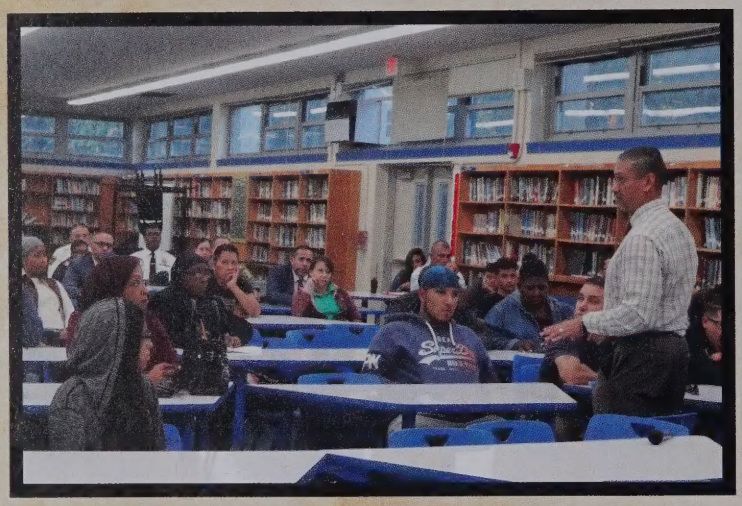
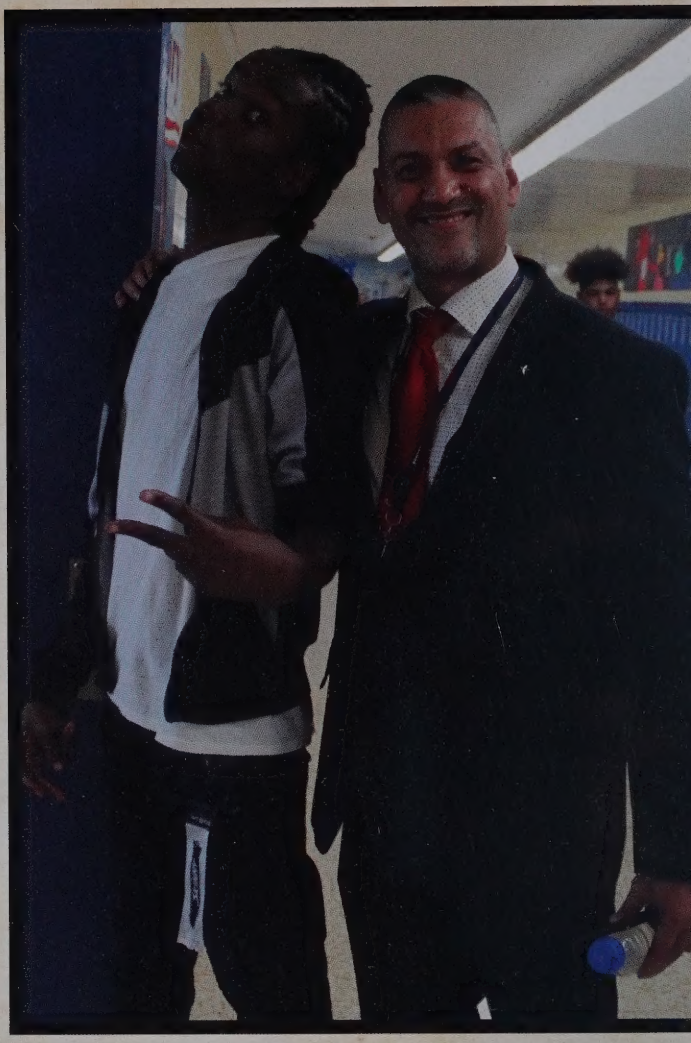
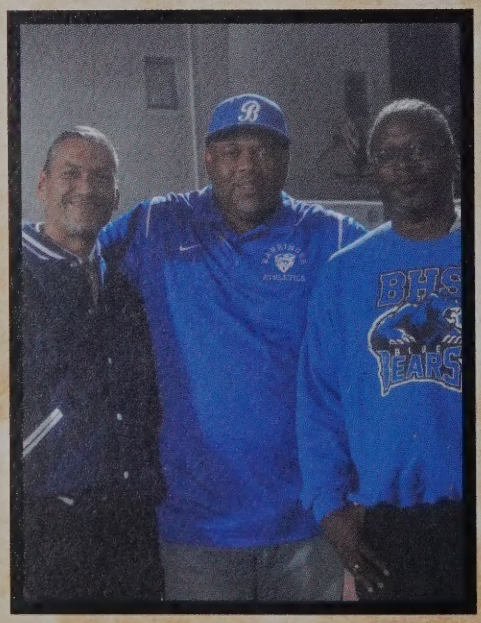
IN BEAR KINGDOM, THERE RULED A GREAT KING...

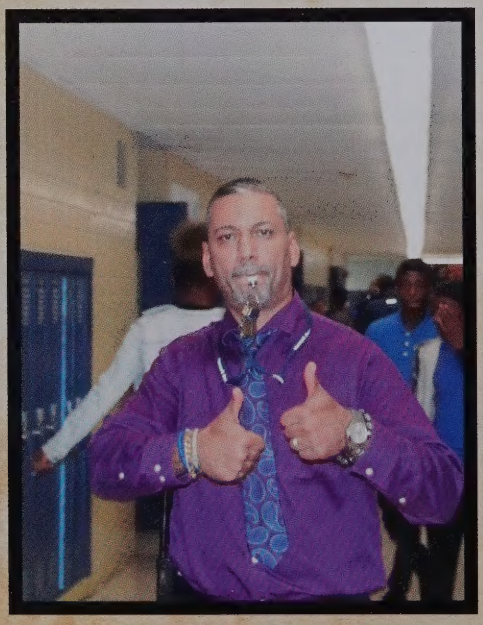
EL REINO DE OSO, ALLÍ GOBERNÓ UN GRAN REY...











o the Class of 2020,

s the school year winds down and I write this letter, I am ddened that your senior year has been altered in a way that few ve endured in years past. It is unfair that some life periences have been denied to you during this quarantine: rthdays with friends, The Prom, a traditional 2020 raduation. You have been asked to grow up a great deal in a ort period of time. Some of you are supporting your families an Essential Worker. Others have become tutors and teachers your younger siblings while still expected to complete your vn school work. These past 2 months, while we shelter in ace, there has been a great loss and suffering within our mmunity and I know that in these bleak times, one is tempted only focus on the negative.

hen I returned this past fall to Barringer High School as incipal, my plan was to bring humanity back into the assroom. Since mid-March, I believe we have all seen humanity introduced not only into our classroom but in our everyday es. In small ways, friends and families have reached out to ch other to help, whether that means grocery shopping for an derly neighbor or offering some kind words over the phone. nese small acts of kindness are what strengthens a community times of uncertainty.

s you move forward in your lives, post-high school, I hope that u will carry on the values of Barringer (Relevance+ Rigor+ elationships = Results) and remember the impact of kindness n have on others. The world has changed drastically in the st few months and we need now, more than ever, mpassionate, enthusiastic, young minds to push our society rward in positive ways.

nope you will visit Barringer in the future and come share with e where your life has taken you. I am so proud of the young ults you have become and remember Dr. Aviles is here to rve you.

A la clase de 2020,

A medida que termina el año escolar y escribo esta carta, me entristece que su último año se haya modificado de una manera que pocos han sufrido en los últimos años. Es injusto que se te hayan negado algunas experiencias de la vida durante esta cuarentena: cumpleaños con amigos, The Prom, una graduación tradicional de 2020. Se le ha pedido que crezca mucho en un corto período de tiempo. Algunos de ustedes están apoyando a sus familias como Trabajadores Esenciales. Otros se han convertido en tutores y maestros para sus hermanos menores mientras se espera que completen su propio trabajo escolar. Estos últimos 2 meses, mientras nos refugiamos en el lugar, ha habido una gran pérdida y sufrimiento dentro de nuestra comunidad y sé que en estos tiempos sombríos, uno está tentado a enfocarse solo en lo negativo.

Cuando regresé este otoño pasado a Barringer High School como director, mi plan era traer a la humanidad de vuelta al aula. Desde mediados de marzo, creo que todos hemos visto a la humanidad reintroducida no solo en nuestro aula sino también en nuestra vida cotidiana. En pequeñas formas, amigos y familiares se han contactado para ayudar, ya sea que eso signifique comprar comestibles para un vecino mayor u ofrecer algunas palabras amables por teléfono. Estos pequeños actos de bondad son los que fortalecen a una comunidad en tiempos de incertidumbre.

A medida que avance en sus vidas, después de la escuela secundaria, espero que continúe con los valores de Barringer (Relevancia+ Rigor+ Relaciones = Resultados) y recuerde el impacto que la bondad puede tener en los demás. El mundo ha cambiado drásticamente en los últimos meses y necesitamos ahora, más que nunca, mentes jóvenes, compasivas, entusiastas, para impulsar nuestra sociedad hacia adelante de manera positiva.

Espero que visites Barringer en el futuro y me compartas dónde te ha llevado tu vida. Estoy muy orgulloso de los jóvenes adultos en los que te has convertido y recuerdo que el Dr. Avilés está aquí para servirte.

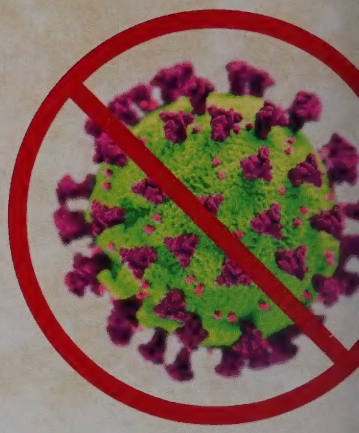
COVID-19



a global pandemic

Coronavirus disease 2019 (abbreviated COVID-19) is a respiratory disease which started in Wuhan City, Hubei Province, China. The first infections were linked to a live animal market, but the virus is now spreading from person-to-person. The virus that causes COVID-19 seems to be spreading easily and sustainably in the community ("community spread") in some affected geographic areas. Community spread means people have been infected with the virus in an area, including some who are not sure how or where they became infected. There is an incubation period of 14 days, which means people who have been exposed to the contagious disease must isolate themselves for 14 days before being around people to prevent infecting them. Someone who has been released from COVID-19 quarantine is not considered a risk for spreading the virus to others because they have not developed illness during the incubation period. Reported illnesses have ranged from very mild (including some with no reported symptoms) to severe, including illness resulting in death. Older people and people of all ages with severe chronic medical conditions – like heart disease, lung disease and diabetes, for example – seem to be at higher risk of developing serious COVID-19 illness.

Symptoms may appear 2-14 days after exposure (based on the incubation period of MERS-CoV viruses).

INTRODUCING
THE CLASS OF
2020

Senior Class Advisor

Personally, I see Barringer Class of 2020 as a group of survivors, but not just any survivors. those who have the ability to overcome a bad situation and thrive.

You started your high school career as two separate schools within one Barringer building and during a time of a lot of political upheaval and division in your country. You adapted to the merging of the schools with grace followed by a brand new school administration again your senior year.

I'll always remember all of the victories of the Class of 2020 in terms of talent and creativit You were the first high school group in Newark to partner with the NY Red Bulls where R Bulls Execs complimented your professionalism saying you worked harder than their regula staff. Even more of you learned job skills during our football concession stand fundraisers and overall came from behind to earn a total of 10k in 7 months by working together. You were the first Barringer class to design and physically make your class shirts yourselves. You guys came up with the idea for and created and threw the school's first senior class Valentine's Day dance party and took performance and leadership roles during Barringer celebrations and events such as Black History Month and Hispanic Heritage Month.

The yearbook team built an awesome concept and created custom graphics for your own yearbook. Some of you visited middle schools in Newark to help recruit young talent into Barringer and this resulted in over 100 "top choice" requests for Barringer freshman for next year. Despite a changing school environment, our seniors were the role models for the younger students to look up to. The Barringer community will prosper in the future in part to the legacy you have left.

And here you are, surviving again. The zipcodes where we all live are some of the hardest hit areas by covid-19 in the US. You ha to overcome stress from the pandemic that blew up your school year and your plans, sheltering in place orders and yet many of yo stayed focused on school and your futures while dealing with sudden online school, separation from friends or even while workin essential jobs to support your families.

I look forward to seeing how the strength you've demonstrated so far carries you into the future stages of your lives! I loved getti to know many of you this year and hope to see you again as active Barringer alumni.

Yours truly,
Ms. Sanderson
Class of 2020 Advisor

Dear Class of 2020 ,

As I look back on our four years together, I see how we have all grown together as a class. It seems like it was just yesterday that we were freshmen. It feels like in a blink of an eye we went from dreaming of our graduation day to actually being so close to it. I could go back and remember every fun moment throughout these four years. We have overcome so many bumps on our way to the end of our high school year. We, as a class, have achieved many things socially and academically. We have faced many changes throughout these four year at Barringer, for example when both schools combined together and when we got a new principal and staff. Always look forward to your future and not back to your past. Always see your mistakes as a lesson so you can do better next time. Follow your passion and don't let anyone or anything get in your way and just be you. It was a pleasure being the senior class president of 2020. I am really proud to see all of us come this far together and I can't wait to see what life has in store for all of us.

-Joys Sanchez, Senior Class President

TOP TEN: CLASS OF 2020

Congratulations Class of 2020. Throughout these four years (more like 3.7) in BHS, we laughed, cried, had exciting and sad days, all while listening to Mr. Plummer give PC's and Saturday detention to every single person on the hallways. It was not so long ago that we were scared freshmen trying to find the right classroom in that huge building, with stairs that made our legs hurt every time we climbed them in an effort to get to class on time. Our Senior Year ended in a very unexpected way but nothing will change the great memories and unbreakable bonds we made. You belong to the Class of 2020, the generation of young adults that are an example of resilience, determination, and perseverance. We are coming out of a quarantine as high school graduates. If a pandemic did not stop you from getting your diploma, nothing will ever too big of an obstacle for you to reach your goals. I wish all of you the best of luck as you enter the next chapter of your life. Go out there and, with your actions, put Newark and your country up high. Remember that "the sky is not the limit when you are reaching for the stars."

#1 MELANIE GONZALEZ CASTILLO

Blessings.

#2 OYEBOLA AJAYIBEMBE

I hope this message touches everyone's heart. First of all, I just want to thank God for our lives from freshman year to senior year. God kept us alive to this day, even during this difficult time of the COVID-19 pandemic; his light is still shining on us. Class of 2020, yessss!!! We made it through the most challenging times, the stress and struggles of high school. I know all the efforts were not easy, but I pray our hard work shall not be in vain. As we take a step forward in reaching our dreams, don't ever give up. Yes, life will strike you, but you just have to get up on your feet steady because as we grow older, more challenges are going to come in our path, and all we have to do is break the chains of the challenges. I want to share one of my favorite quotes,

"Do the one thing you think you cannot do. Fail at it. Try again. Do better the second time. The only people who never tumble are those who never mount the high wire. This is your moment. Own it."

-Oprah Winfrey

Whatever you do in this life, always believe in yourself and focus on the path you are going on. Know what's best for you, which could help in taking a step forward in your dreams.

I'm proud of you guys because of all the hard work you have done, and I wish you guys the very best. You all will continue to be in my prayers. Love you all, and God bless you guys.
